OBJECTIVE

Computer Science undergraduate with practical exposure to web development, Python-based development, computer vision and teamwork through internships, projects and technical events. Seeking an entry-level opportunity where I can apply my technical and communication skills, learn quickly and contribute effectively to business and technology operations.

EDUCATION

Class / Degree	Institution	Result / Status	GPA / %
B.Sc. Computer Science	National College	Currently pursuing 3rd Year	GPA: 8.30
12th / HSC	Board Examination	343 / 600	57.17%
10th / SSLC	Board Examination	361 / 500	72.20%

SKILLS

Programming Languages: C, C++, Java

Operating Systems: Windows

Version Control: Git & GitHub

Web Development Technologies: HTML, CSS, JavaScript

Software Proficiency: Microsoft Office

CERTIFICATION & INTERNSHIP

Web Developer – PMKVY Scheme

Python Full Stack Development Intern – 15 days

- Gained hands-on experience in Python, Django & MongoDB.
- Developed a full-stack project and uploaded the source code to GitHub.
- Worked with HTML, CSS & JavaScript for frontend development.

PROJECTS

https://github.com/RITHIKsm/Python-

College Department Management System - Products Database (Django)

- Developed a full-stack web application using Django to efficiently manage college department data.
- Implemented complete CRUD (Create, Read, Update, Delete) functionality.

Real-Time AI Gesture Control System -AI GESTUREX

- Developed a webcam-based touchless laptop control concept using OpenCV and MediaPipe.
- Used hand-landmark tracking to recognize gestures and map them to system-control actions.
- Focused on practical computer-vision interaction without additional hardware

ACTIVITIES & ACHIEVEMENTS

Fitness & Gym

Regularly engage in fitness activities, developing discipline, consistency and time-management skills.

Quiz Competition

Gold Medalist at quiz conducted by IBM
